

Capabilities Statement

Public Sector

National Capabilities

TridentCare is the only mobile clinical and diagnostic services provider with a national scale. Over the course of 40 years, we have performed millions of diagnostic imaging exams and lab tests. Most recently, in response to the COVID-19 pandemic, TridentCare continues to administer thousands of antigen and PCR tests to various clients.

Laser Focused

Every TridentCare client is supported by a dedicated team of specialists who manage all aspects of scheduling, staffing, supplies and execution.

Our suite of onsite, mobile service offerings include:

- Digital Imaging
- Clinical Laboratory Testing
- COVID-19 Testing
- Vascular Infusion Therapy
- Nurse Practitioner Staffing

Our clients rely on us to ensure:

- Continuity of Care
- Positive Patient Outcomes
- Cost Benefits
- Efficient and Secure Processes

Experience

Our proven history continues to keep TridentCare at the forefront of emergent and non-emergent missions. We have become a preferred national provider of choice for:

- The Department of Health and Human Services
- The Department of Veterans Administration
- The Department of Defense
- The Department of Justice
- The Social Security Administration

Immediate Deployment

TridentCare focuses on providing superior clinical outcomes during a time of crisis. We pride ourselves in our ability to stand-up an operation efficiently and expeditiously. Our capability to immediately deploy staff and supplies, allows our clients to be fully operational within 72 hours.

Our clients trust us to employ and deploy:

- Radiology Technologists
- Ultrasound Sonographers
- Laboratory Technicians
- Vascular Nurses
- Nurse Practitioners

As a full-service provider, our turn-key solutions position our clients to execute with perfection.

Our operational infrastructure is our strength.

- Critical Logistics Infrastructure
- Crucial Reporting Tools
- Certified Testing Equipment
- Compliant and Timely Resulting

TridentCare has strong financial stability and expertise to support and sustain any operation of any size regardless of location and duration.

Mission critical success is what we do.
