

TridentCare COMMERCIAL

TridentCare is the industry leader of mobile ON-SITE imaging services. With our national footprint, TridentCare provides a deep menu of solution-based programs to many different market segments such as:

- Occupational Health
 - OSHA Medical Surveillance
 - Worksite Clinics
- Government Offices
 - Disability, Immigration & Medical Clearance
- Consumer Wellness
 - Athletic Teams
 - Summer Camps
- Clinical Research
- Specialty Clinics & Physician Practices
- Environmental Exposure & Forensic Investigation

PROFESSIONAL SERVICES ON-SITE

TridentCare offers comprehensive mobile imaging services to a variety of companies, eliminating the need for employees to travel offsite for exams. Our team is comprised of professionally-trained clinicians who focus on both patient care and the client experience.

INNOVATIVE, ADVANCED TECHNOLOGIES

TridentCare's highly-qualified personnel coupled with our advanced digital capabilities has put us at the forefront of the mobile diagnostic industry. We continue to be the preferred clinical provider for companies across the country.

EFFICIENCY AND SECURITY

TridentConnect, our proprietary digital portal, allows exams to be ordered 24/7 from the convenience of a Smartphone, laptop or tablet. View patient history and results all in one convenient, HIPAA-compliant platform.

RESPONSIVENESS, RELIABILITY, AND CONVENIENCE

With just one call, TridentCare brings the most advanced imaging services to the client's preferred location. Convenient ON-SITE services provides the flexibility and planning necessary to meet the needs of all clients.

SCHEDULING BASED ON NEED

Convenient scheduling meets the needs of patients and employers alike. Commitment is our priority. Whether a one-time clinic or an ongoing recurring project, you tell us when and where, and we'll be there.
